Dear Secretary:

I am writing in response to a certified letter we received yesterday re: 8910-CSL, over the signature of Peter J. Rubenstein acting on behalf of Mr. Larry D. Eads, Chief, Audio Services Division, Mass Media Bureau. The matter in question is related to construction permit BP-841224AD for WLVC-AM radio in Fort Kent, Maine.

The above referenced letter states that the permit has been cancelled. I am writing, first of all, to inform the commission that we have taken appropriate steps to make sure we are now operating within the specifications of our license prior to the issuance of the permit in question. (250 watts day and night).

When the permit was granted by the F.C.C. on 4/1/91, we immediately put the items needed in place and began broadcasting at 1,000 watts nights on 5/23/91. On that date, under advice of our attorney Benjamin Perez, we informed the F.C.C. in a letter to Mr. Vincent F. Kajunski with a copy to Mr. Eads. (See enclosure). Since then we have had our license renewed and there was a subsequent letter (5/30/92) to Mr. Eads referring to the fact that we were operating at 1,000 nights as authorized by the permit. I also spoke to Mr. Eads on the telephone regarding the operation of WLVC and explained to him exactly what we have been doing. Never, in any of these communications was there any mention of any further paper work and/or fees related to this permit to be in full compliance until we received the letter yesterday from Mr. Rubenstein. I had assumed, apparently incorrectly, that we had done everything properly to date. Now, 19 months after the fact, we are told that our construction permit has been cancelled.

The purpose of this letter is to be as open and honest with the commission as possible about this situation and to ask what can be done now to at least get back to where we were 24 hours ago:

Please advise:

IN REPLY REFER TO:

CN-9300109

Honorable William S. Cohen
United States Senate
322 Hart Senate Office Building
Washington, D.C. 20510-2402

Dear Senator Cohen:

Thank you for your letter regarding radio stations WSJR(AM), Madawaska, Maine, and WLVC(AM), Fort Kent, Maine. By letter dated December 11, 1992, the licensee of these two stations, Lamoille Broadcasting and Communications ("Lamoille"), was informed by our office that its outstanding construction permit (File No. BP-841224AD, reinstated as File No. BP-910311AC), which expired October 9, 1991, was cancelled because Lamoille had failed to request an extension of the construction permit, or file a license to cover the construction permit. On December 18, 1992, Lamoille timely appealed the decision. We will consider the appeal on its merits as soon as the priorities of other prior filed matters allow.

In your letter, you ask for information regarding the purpose of engineering work required by the application forms, the cost of the engineering work, and the law or regulation which requires such work. The two forms to which you refer are FCC Form 301, required for "minor changes" in AM broadcast facilities, and FCC Form 302, required for licensing the proposed modification. Both forms include engineering sections which require the applicant to show that the proposed facilities comply with Sections 1.1307, 73.24, 73.37, 73.182, and 73.187 of the Commission's Rules. These Sections require the applicant to show the impact of the proposed facilities on the environment and on the population living within the station's 1 V/M contour, as well as the proposed facilities' technical impact on the daytime, nighttime and critical hours service of other licensed broadcast facilities. The Commission does not require the applicant to hire an engineer to complete these forms, but it does require the applicant to certify, under penalty of law, that the statements made on the forms are true and correct. To verify the accuracy of the representations made on the forms, applicants often retain engineers or engineering consultants, the cost of which varies depending upon the engineer or engineering firm engaged.

You also request information regarding the fees required by the Commission when application forms are filed. In the Omnibus Budget Reconciliation Act of 1989, Congress directed the Commission to prescribe charges for certain of the regulatory services it provides to many of the communications entities within its jurisdiction. The appropriate fees are determined by Congress in Section 8 of the Communications Act of 1934, as amended. An applicant may request a waiver of the fee in specific instances where good cause is shown and where

Honorable William S. Cohen

waiver or deferral of the fee would promote the public interest. Applicants seeking waivers must submit the request for waiver in conjunction with the application, the fee form (FCC Form 155), and the required fee. The request for waiver will be acted upon by the Office of the Managing Director with the concurrence of the General Counsel's Office. Fees submitted will be returned if a waiver is granted.

Sincerely,

Petition for Reconsideration

Dear Mr. Beardsley:

This is in reference to the above-captioned petition for reconsideration received by the Commission on December 21, 1992, wherein you request reconsideration of the staff's December 11, 1992 action cancelling construction permit (File No. BP-841224AD) pursuant to 47 C.F.R. Sec. 73.3599.

That letter noted that your most recent extension application was granted on April 9, 1991 and construction was to have been completed by October 9, 1991. You were advised that the construction permit was cancelled at that time because no FCC Form 302 license application had been filed to cover this construction, nor had a current FCC Form 307 requesting extension been received. Although the filing of such applications is necessary to support your petition for reconsideration, as of this date, neither application has been filed.¹

Accordingly, you are advised that further action on the subject petition for reconsideration will be held in abeyance pending your filing of the appropriate applications, noted above, within 30 days of the date of this letter. The failure to timely amend your petition with the filing of such applications may result in the dismissal of the subject petition pursuant to 47 C.F.R. Section 73.3568(b) for failure to prosecute.

Sincerely,

James R. Burtle
Chief, AM Branch
Audio Services Division
Mass Media Bureau

¹ In response to his inquiry on your behalf, the staff advised Senator Cohen on January 27, 1993 that an applicant may request a waiver of an application filing fee in specific instances where good cause is shown and where waiver or deferral of the fee would promote the public interest. If you choose to seek a fee waiver in this case, you must submit the request for waiver in conjunction with the application, the fee form (FCC Form 155), and the required fee. The request for waiver will be acted upon by the Office of the Managing Director with the concurrence of the General Counsel's Office. Fees submitted will be returned if a waiver request is found grantable.

DISPATCHED BY

Thomas B. Beardsley, General Manager
Radio Station WLVC(AM)
6 - 10th Avenue
Madawaska, Maine 04756

Dear Mr. Beardsley:

This refers to your letter of May 30, 1992, regarding the power increase for class IV station WLVC(AM), Fort Kent, Maine.

On March 23, 1984, the Commission released a Report and Order concerning the nighttime power limitations for class IV AM broadcast stations (Docket No. 79-265). In the Docket, class IV stations are categorized into two groups and placed on either "list A" or "list B". List A includes stations that operate with less than 1 kW daytime or which use a directional array daytime. These stations, in order to obtain higher power, are required to follow the normal two-step application process. They must first file a form 301 application proposing the increase in power, which will be treated as a minor change, and then file a form 302 to have a license issued to cover that permit. List B includes stations that operate with 1 kW daytime non-directionally. The rulemaking proposed that these stations received Show Cause Orders to modify their licenses to specify nighttime power of 1 kW. These Show Cause Orders have been issued. WLVC(AM) was placed on list A.

A preliminary study of your proposal indicates that the daytime power increase will not create a prohibited duopoly overlap. However, in order to increase the daytime power to 1 kW, WLVC(AM) needs to follow the two-step process indicated above.

Sincerely,

Larry D. Eads, Chief
Audio Services Division

Dear Applicant:

This is in reference to your pending request for Special Temporary Authority (STA) for the above-referenced station to remain silent.

On December 11, 1991, the Commission adopted a Report and Order (see attached copy) to amend Part 1 of the Commission's Rules to implement Section 5301 of the Anti-Drug Abuse Act of 1988. Effective February 3, 1992, applicants requesting STA are required to certify that neither the applicant nor any party to the request is subject to a denial of Federal Benefits under Section 5301.

Action will be deferred on your request pending receipt of your certification (See attached sample certification). Your certification should be directed to:

INSTRUCTIONS FOR COMPLETING FEE PROCESSING FORM, FCC FORM 155, May 1990

- (1) **"Applicant Name"** - Enter the name (last, first, middle initial) of the applicant as it appears on the original application or filing being submitted with this Fee Processing Form. If company, enter name which is used commercially.
- (2) **"Mailing Address (Line 1)"** - Enter the street address or post office box number to which the applicant wishes correspondence sent.
- (3) **"Mailing Address (Line 2)"** - This line may be used for further identification of the address if additional space is required.
- (4) **"City"** - Enter the name of the city associated with the given street address.
- (5) **"State or Country"** - Enter the appropriate two-digit state abbreviation as prescribed by the U.S. Postal Service. If address is foreign, enter the appropriate country name here.
- (6) **"ZIP Code"** - Enter the appropriate five or nine-digit ZIP code prescribed by the U.S. Postal Service.
- (7) **"Call Sign or Other FCC Identifier"** - Enter an applicable call sign or unique FCC identifier, if any, as shown on your attached application or filing. If applying for a service affecting more than one call sign, enter one call sign only.
- (8) **Column (A), "Fee Type Code"** - Enter correct Fee Type Code(s) from the appropriate Fee Filing Guide. Only one Fee Processing Form may be submitted per application or filing. Inaccurate or erroneous Fee Type Codes may result in your application or filing being returned to you without further processing.
- (9) **Column (B), "Fee Multiple"** - Certain applications and filings may request action with respect to more than one station, license, frequency, or party and can be submitted together with one check if they meet specific conditions. This column is used only if a multiple, i.e., two or more, is being applied for. Examples of when this would be used are renewing more than one call sign, frequency, station, or the transfer of control of more than one station. Refer to the appropriate Fee Filing Guide for additional information.
- (10) **Column (C), "Fee Due For Fee Type Code in Column (A)"** - Enter in this block the amount of the fee associated with the Fee Type Code shown in Column (A) (times (x) the fee multiple, if required).
- (11) **"Total Amount Remitted With This Application or Filing"** - Enter the total of lines (1) through (5) of Column (C). This amount should equal the amount of your check or money order. We will not accept multiple checks.

HOW TO SUBMIT APPLICATIONS AND FILINGS

- o Each application or filing should be assembled with the Fee Processing Form stapled to the top of the application with the check placed on top of the Fee Processing Form. DO NOT STAPLE THE CHECK TO THE APPLICATION OR FEE PROCESSING FORM. Required copies of applications should be clearly identified as "duplicate copy" and placed behind the original package. A copy of an application or filing submitted for receipt purposes only should be placed at the bottom of the submission. Extraneous material and extra copies should be avoided at all times. Failure to abide by these instructions will delay the processing of your submission.
- o Completed applications or filings should be mailed to the proper address shown in the Fee Filing Guide for the particular service for which you are applying or making a filing. Applications and filings which are properly addressed to the appropriate P.O. box number may also be hand delivered to the following address. Applications received before midnight on a normal business day will receive that day's date as the receipt date. Deliveries made after midnight on Fridays will not be "officially" receipted until the next Monday. Applications received on weekends and government holidays are dated the next regular business day.

Federal Communications Commission
c/o Mellon Bank
Three Mellon Bank Center
525 William Penn Way
27th Floor, Rm. 153-2713
Pittsburgh, Pennsylvania
(Attention: Wholesale Lockbox Shift Supervisor)

- o A single check, bank draft or money order made payable to the Federal Communications Commission and denominated in U.S. dollars and drawn upon a U.S. financial institution must be included with each application or filing requiring a fee. No postdated, altered or third-party checks will be accepted. Do not send cash.
- o Parties hand delivering applications or filings may receive dated receipt copies by presenting copies of the applications or filings to the acceptance clerk at the time of delivery. Receipts will be provided for mail-in applications or filings if an extra copy of the application or filing is provided along with a self-addressed stamped envelope. Only one piece of paper per application or filing will be stamped for receipt purposes.

REMEMBER

- o A separate completed Fee Processing Form is required with each application or filing except in certain circumstances. Please refer to the appropriate Fee Filing Guide for additional information.
- o A wrong Fee Type Code or incorrect remittance may result in your application or filing being returned without processing, or result in the dismissal of your application or filing. Please ensure that FEE TYPE CODES are correct and that your check or money order equals the amount shown in the TOTAL AMOUNT REMITTED WITH THIS APPLICATION OR FILING block before submitting your application or filing.
- o If you have any questions completing this form, please call the Fees Hotline, 202/632-FEES.
